

# Leading Whole School Behaviour Improvement

The elephant in the Australian classroom is student behaviour and its impact on EVERYONE in your school. It's time we tackled this challenge differently.

If you are a School Leader of any description who has grown tired of failed attempts to program our way to improved student behaviour, then this event is targeted at you. You can expect to:

- ✓ Discover cutting edge brain research that transforms your understanding of student behaviour choices. No more will you cry "What was that all about?!". You'll know!
- ✓ Hear examples from schools who have stepped beyond the program threshold that has so failed to produce the outcomes you're seeking.
- ✓ Receive and explore a free White Paper titled "Student Behaviour Improvement... Made Slightly Less Difficult"
- ✓ Devise a roadmap to commence work immediately on a more harmonious, respectful and responsible future.
